

50th European Team Championships

Kursaal, Ostend, Belgium
22 June - 3 July 2010

[Accommodation](#) [Information](#) [Participants](#) [Results](#) [Bulletins](#)

The **50th** anniversary edition of the **European Bridge Teams Championships** will be held in Kursaal, Ostend, Belgium, from 22 June to 3 July 2010. The Championships comprise three series - for *Open*, *Women* and *Senior* national teams. Anniversary festivities also are included in the programme.

In the previous edition of the Championships, held in Pau, France, 2008, a new **format** was introduced in the **Open** series: teams were split in two groups and played a round robin within each group; the top teams then joined in a second round robin from which the new European Champions emerged. In 2008, each qualifying team met again in the second round robin with the teams it had met in the qualifying round, and the result of the first match did no longer matter. This year, this will not happen. Qualified teams will carry over to the second round robin the entire result of their qualifying matches, and these matches will not be played again. Accordingly, the duration of the Championships will be reduced by three days, allowing it to start on Tuesday instead of the usual Saturday.

Originally held in Scheveningen, The Netherlands, in 1932, the European Bridge Team Championships became the principal competition organized by the European Bridge League for teams representing the member countries. It started as a single series competition for open teams, but in 1935, a women teams series was added. The senior series became part of the competition much later, in 1995. Since 2002, the European Team Championships are held every even-numbered year.

The first European champions, back in 1932, were Austria, who also won the first women event in 1935. The first senior champions, Poland, were declared 30 years later. All in all, **Italy** has won most gold medals in the *open* series (19 against France's 8 and England's 7), while **England** prevails in the women (with 13 gold medals, against France's 12 and Denmark's 6), and **France** in the seniors (with 3 gold medals, against Poland's 2).

New EBL administration to be elected in Ostend

A new President of the EBL is to be elected in Ostend, to replace Gianarrigo Rona who is retiring after 11 years in office, having been first elected EBL President in 1999 in Malta. Gianarrigo Rona has already been elected President of the *World Bridge Federation* and he will be assuming office in October 2010, at the end of the *World Bridge Series Championships* in Philadelphia. Together with the new President, elections will take place for the entire EBL Executive Committee as its term ends also in June.

The elections will be held during the EBL General Assembly which will take place in Ostend, on 27 June 2010. The General Assembly, which comprises delegates of all 49 member countries of the League, will also deal with the approval of the EBL's financial documents (balance sheet & accounts 2008-09, budget 2011-12, etc.).
